Hawken School

Gates Mills, OH

THE ISSUE: Hawken's two multi-sport playing fields, totaling 138,500 square feet, were outdated and in need of a renovation.

THE JOB: SCG was contracted to manage one of the nation's largest synthetic turf installations.

THE RESULTS: The replacement, monofilament surfaces, "look and respond just like grass. The fields have the 'true ground' feel of a natural system – and are absolutely beautiful," said George Long, Hawken athletic director. "All of our teams like them. I tell the students 'this is as good as it gets,'" he said. "We chose SCG for the job because we wanted someone with expertise in construction, excavation, drainage, etcetera – and synthetic turf. They know what they're doing when it comes to a project like this," said Tony Wanner, Hawken director of facilities and transportation.
